

MOHAND AHMED

Cairo, New Obour City, Egypt | +20 155 669 2258 | mohandmohandahmed@gmail.com

PROFESSIONAL SUMMARY

Front-End Developer and Computer Science graduate (Shorouk Academy) with hands-on experience building responsive, user-focused web interfaces using HTML, CSS, JavaScript. Skilled in translating designs into clean, cross-browser-compatible code, integrating REST APIs and databases (MySQL, MongoDB), and implementing user authentication and CRUD functionality. Proven ability to deliver full front-end features for freelance and company clients, working independently and within fast-paced, deadline-driven environments. Seeking a Front-End Developer role to apply strong JavaScript fundamentals, UI/UX sensibility, and problem-solving skills. Currently expanding skill set into Machine Learning and Deep Learning using Python, with hands-on practice in data analysis and model building.

TECHNICAL SKILLS

- Front-End: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Cross-Browser Compatibility, UI/UX Implementation
- Machine Learning: Python (NumPy, Pandas, Scikit-learn), Data Preprocessing, Model Training & Evaluation
- Deep Learning: TensorFlow / PyTorch, Neural Networks, Jupyter Notebooks
- Languages: Java, C#, Python, C++, SQL
- Tools & Platforms: Git, GitHub, Linux, Jupyter Notebooks, Server Management, VS Code
- Practices: Database Design, Agile/Fast-Paced Delivery, Debugging & Testing, Version Control
- Soft Skills: Multi-Tasking, Teamwork, Communication, Time Management, Problem Solving

PROFESSIONAL EXPERIENCE

Front-End Developer — Freelance (Mostaqi)

2021 – 2022

- Developed complete front-end interfaces for multiple freelance clients using HTML, CSS, and JavaScript, translating client requirements and design mockups into responsive, functional web pages.
- Built reusable UI components and layouts, ensuring consistent styling and cross-browser compatibility across projects.
- Communicated directly with clients to gather requirements, provide progress updates, and deliver revisions on tight deadlines.
- Debugged and optimized existing front-end code to improve page performance and usability.

Front-End Developer — Freelance / Part-Time, Dai Company

2024 – 2026

- Developed and maintained responsive front-end features on a part-time freelance basis using HTML, CSS, and JavaScript.
- Collaborated with team members to integrate front-end interfaces with back-end services and databases (MySQL/MongoDB).
- Implemented UI updates and bug fixes based on feedback, ensuring a consistent and polished user experience.
- Managed multiple concurrent tasks and deliverables while balancing academic coursework, demonstrating strong time-management skills.

PROJECTS

E-Commerce Website

- Built an online store front-end with product listing, shopping cart, and checkout flow using JavaScript, Node.js, and MongoDB.
- Implemented responsive UI and user authentication for a seamless customer experience across devices.

Student Management System

- Developed a web-based front-end and system to manage student records and course registrations using Java, MySQL, and HTML/CSS.
- Designed the database schema and implemented CRUD operations for student and course data.

H.O.P.E — Offline Emergency Messaging Application

- Designed the user interface for a mobile app enabling message exchange without internet access during emergencies.
- Focused on a simple, reliable UI to support fast communication using Bluetooth/peer-to-peer connectivity.

EDUCATION

Bachelor of Computer Science — Shorouk Academy, Cairo, Egypt

Graduated 2026

- Graduation Project Grade: Excellent
- Relevant Coursework: Programming, Database Systems, Web Development, Software Engineering, Data Structures, Algorithms, Computer Networks

CERTIFICATIONS & TRAINING

- Web Development Course — Route Academy (2025)
- C# Programming Course — Online Tutorials (2022)
- Python Programming Course — Online Tutorials (2022)
- C++ Programming Course — Online Tutorials (2021)

Languages: Arabic (Native) | English (B2) | German (A2)
